Education

Degree	Institute/Board	CGPA/Percentage	Year
B.Tech (IT)	SNS College of Technology, Coimbatore .	8.41 (Current)	2022-26
Higher Secondary	Lisieux Matriculation Higher Secondary School, Coimbatore.	79%	2022
Secondary	Lisieux Matriculation Higher Secondary School, Coimbatore.	75%	2020

Internship Experience

- Ether Infotech (Artificial Intelligence)Offline, 06 - 20 July 2024
I created a dataset and fine-tuned a Llama model focused on providing basic tech support for Linux, aiming to enhance user assistance with common Linux issues. The model was trained to offer reliable and efficient support, leveraging the curated dataset to address various technical queries accurately.
- Skillible (Generative AI Virtual Internship Program)Online, July-August 2024
Completed an internship centered on prompt engineering within generative AI, developing skills to craft effective prompts for AI models to optimize output quality and relevance. Gained practical experience with generative models and learned to fine-tune prompts for applications in user-centered design and intelligent content generation.

Projects

- AI chatbot2023
– Developed an AI-powered chatbot designed to assist users with common inquiries and tasks.
- Resume Parser2023
– Created an AI-based resume parser to extract and analyze key details from resumes efficiently.
- E-commerce websitePresent
– Developed a client-focused e-commerce platform designed to deliver a seamless shopping experience with robust functionality.
